

Children's Participation Policy and Procedure

Kinnerton Little Acorns recognises that involving children in decisions about their care increases their self-esteem and it is our policy to include the voice of the children in our care in all aspects of our work.

We will do this by:

- Ensuring staff (students and volunteers) implement positive attitudes about children's participation in their work which foster warm relationships, a child's sense of security, self-esteem, independence and confidence in a responsive, nurturing atmosphere.
- Providing training for staff as appropriate.
- Incorporating child-led activities as routine.
- Considering the play work principles, particularly when we provide out of school care for school aged children.
- Engaging with the children in our care in ways that are appropriate to their age and stage of development to enable their involvement in review and feedback activities. This includes verbal and non-verbal ways of engaging such as (describe).
- Respecting children's decisions to not engage and review feedback activities as they may choose.
- Listening to what children say to us and acting as needed.
- Feeding back to children who have contributed and informing them of any actions that have been taken as a result.
- Operating an effective 'working in partnership with parents'/carers' policy.
- Involving children in the annual review of the quality of care provided in line with regulatory requirements.

This Children's Participation Policy and Procedure was passed for use in Kinnerton Little Acorns
